# CUSTOM CLOTHING WITH OUR STOCK ART

---

## Why Souvenir Clothing Sells

T-shirts, hoodies, sweatshirts, and tank tops are among the most popular souvenirs—because people love bringing home a memory of their trip. A great souvenir t-shirt isn't just clothing; it's a conversation starter. When visitors wear a shirt from your attraction, they're proudly showcasing where they've been, sharing their experiences, and inspiring others to visit. It's like having a walking, talking billboard for your location!

We offer a variety of high-quality apparel, including styles for men, women, and children. Our selection includes everything from simple single-color prints to vibrant full-color designs. Among the many brands available, we love the comfort and durability of Gildan t-shirts, which you'll find throughout our catalog.

## Why Your Gift Shop Needs a Clothing Line

Carrying a souvenir clothing line is a smart move for any gift shop—we're confident you'll sell plenty. If committing to a large order of 144 pieces feels like too much, we offer lower quantity options to make stocking up easier. With our well-crafted designs, high-quality shirts, and competitive pricing, your shop will be ready to make the most of the vacation season.

## Printing Options for Custom Apparel

We provide multiple printing options to suit your design needs:

- **Full-Color Printing:** This method prints the design directly onto the fabric, making it a cost-effective solution for detailed, multi-color images. Ideal for t-shirts, sweatshirts, hoodies, and tanks.
- **Screen Printing:** Best for simple, one- or two-color designs. Keep in mind that each additional color requires a separate screen, which comes with an extra setup charge.

You can choose from our existing stock designs or work with us to create a custom design just for your location.

## What Is Name-Dropping?

Name-dropping is an easy way to personalize our stock designs by adding your town, state, attraction, or resort name. It's a great way to make your souvenirs more location-specific and unique to your shop.

For single-color designs, black or white are the most popular options, but you can request another color if preferred. Adding a name to a design is considered a custom screen adjustment, which comes with a small charge—but the art fee is waived since you're using our pre-made designs.

If you need a completely custom design, additional art and screen setup charges may apply. If you provide your own artwork, there will still be a setup fee to create the necessary printing screen.

Name-dropping isn't just for apparel—it can be applied to many of the custom products in our catalog. While most of our non-clothing items allow for one- or two-color imprinting, we also offer select mugs that can feature full-color designs.

## Need Something Custom?

If you're looking for a product that's not shown in our online catalog or have any questions about custom apparel and other products, we're happy to help! Call us at 800-325-0889 to discuss your needs.
